

# A Fire, A Rescue, and A Call to Hope!

## Why a Rescue Centre?

Last month, our Rescue Centre—which exists to *rescue children from crisis and give them a safe place to belong*—faced something no one ever wants... **a fire**.

Late one night, two or three little boys—just 5 to 8 years old—showed up at our door looking for shelter. They couldn't stay at home because of severe drug and alcohol abuse in their families. This is exactly why our Rescue Centre exists—to *be a place where children can find safety, hope, and a new beginning when there's nowhere else to go*.

## A Candle, a Fire, and God's Protection

When the boys arrived, they found the community room unlocked. With rolling blackouts in South Africa, they lit a candle for warmth and light. Exhausted, they eventually fell asleep—but the candle was too close to the curtains.

And the curtains caught fire...

By God's grace, the boys were unharmed, and the building itself is still standing. But the fire destroyed furniture, caused heavy,

smoke damage that now needs repainting, and damaged part of the roof that must be repaired.

## Help Us Rebuild Hope for Vulnerable Children

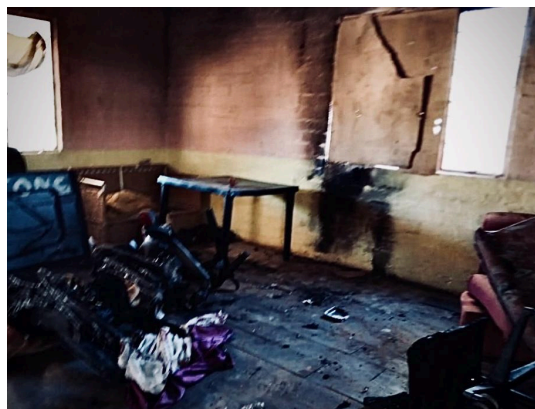

We're raising \$2,500 which will restore the community room so it's ready to welcome vulnerable children again. These funds will help us:

- Replace burned furniture
- Repaint smoke-damaged walls
- Repair portion of roof affected by fire

### Every gift matters.

Your support helps us open our doors again to children like these boys, who simply needed somewhere safe to belong.

Would you consider helping us rebuild so kids can continue finding hope and safety here? Together, we can turn this frightening night into a story of restoration and new beginnings! If you give towards this project, please write "Harvest – Rescue Centre" in the memo line.

# Pray With Us for Africa's Believers to Rise!

From July 17–29, Villy and a small team will be heading to Zambia to bring discipleship resources to rural churches and communities where solid Biblical teaching is scarce. Many Believers long to grow in their faith but simply don't have access to sound teaching or materials. We know one pastor who has used Jehovah's Witness "Watchtower" materials—not out of belief, but because there was nothing else available. That's how scarce solid discipleship resources can be!

Our heart behind developing and sharing discipleship materials is so Believers are *rooted and grounded* in God's Word, so **the Great Commission becomes the Great Completion!!**

But our vision doesn't stop in Zambia. We're burdened for nations surrounding it—for the entire continent of Africa! We long to see more and more African Believers rise up as pillars in the faith—pastors, teachers, evangelists, missionaries—making an impact not only across Africa but around the world!

Would you pray with us:

- For health, strength, and protection as the team travels and ministers
- For open doors, divine connections, and wisdom
- The Body of Believers in Zambia—and across Africa—would be raised up, disciplined, and deeply rooted and grounded in God's Word
- Resources and training would encourage both leaders and normal Believers to boldly share the Gospel, making worldwide impact

## Here's how you can give:
